We can use the same hashtags to magnify our voices - #WANTO & #FundWANTO, #StopTheCuts.

Each tweet is also short enough to add your Senators' and Representative's handle to the end (*note*: if you start with the handle, add a period "." before the @ so the tweet is visible to all of your followers).

We can also amplify our voices by retweeting other's good tweets! Just search for the hashtags in Twitter and see what others are saying.
